I feel that the benefits to be gained by the Air Force through funding of the Point Arguello Launch Complex and the Missile Assembly Building at Vandenberg will outweigh the cost of the programs. Therefore, I recommend that the decision to have ARPA pay for these facilities be reversed and construction funds be provided by the Air Force.

I, therefore, recommend that the decision to have ARPA pay for the Point Arguello Launcher and the Vandenberg Missile Assembly Building be reversed and that the Air Force, instead of the ARPA, provide the construction funds for these facilities. This proposed transfer of funds between the Air Force and the ARPA will not affect the overall DISCOVERER/SENTRY Program funding of $215 millions in Fiscal Year 1959.
